

**MECHANICAL**

Height	2.90" / 7.4 cm
Width	7.50" / 19.1 cm
Depth	11.50" / 29.2 cm

**APPLICATIONS**

- Semiconductor Manufacturing
- Plasma Coaters (Web, Metals, quartz, Etc)
- Plasma Etch (Solids, Clean, sterilization, Etc.)

**RF-1-XIII**

- RF-1-XIII is our 100 watt RF generator @ 13.56 mhz
- Lightweight chassis @ 4 lbs
- Line input is 100-240 vac
- Small footprint mount
- User friendly controls
- Solid RF design for long term use
- Models available see below @ 27.12 mhz
- Air cooled
- 0-5 vdc voltage control features (10 vdc option)
- All remote control
- RS-232 serial control w/ pulsing 1-999 hz / duty cycle 5-95%
