

MECHANICAL

Height	7.875" / 20 cm
Width	17.00" / 43.2 cm w 19" Rack
Depth	20.00" / 50.8 cm

APPLICATIONS

- Semiconductor Manufacturing
- Plasma Coaters (Web, Metals, quartz, Etc)
- Plasma Etch (Solids, Clean, sterilization, Etc.)

RF-20-XIII

- RF-20-XIII is our 2000 watt RF generator @ 13.56 mhz
- Lightweight chassis @ 78 lbs
- Line input is 190-240 – 3 phase vac
- 19" rack mount
- User friendly controls
- Solid RF design for long term use
- Models available @ 27.12 mhz (see below)
- Air cooled
- 0-5 vdc remote control features (10 vdc option)
- Blank front panel option available
- RS-232 serial control w/ pulsing 1-999 hz / duty cycle 5-95%
