

MECHANICAL

Height 5.50" / 14.0 cm
 Width 7.50" / 19.1 cm
 Depth 15.50" / 39.4 cm

APPLICATIONS

- Semiconductor Manufacturing
- Plasma Coaters (Web, Metals, quartz, Etc)
- Plasma Etch (Solids, Clean, sterilization, Etc.)

RF-3-XIII

- RF-3-XIII is our 300 watt RF generator @ 13.56 mhz
- Lightweight chasis @ 13 lbs
- Line input is 100-240 vac
- 19" ½ rack mount
- User friendly controls
- Solid RF design for long term use
- Models available see below @ 27.12 mhz
- Air cooled
- 0-5 vdc remote control features (10 vdc option)
- Blank front panel option available
- RS-232 serial control w/ pulsing 1-999 hz / duty cycle 5-95%
